The oldest Wine House in Champagne is bringing a touch of elegance to this year's festive season with its Gosset Grande Réserve gift set. Eco-designed and handcrafted in Épernay, this new reusable box contains a bottle of Gosset Grande Réserve, two Champagne tasting glasses, and a stopper specially adapted to the unique, iconic shape of the Gosset Champagne bottles. This gift is intended to add extra sparkle to those special occasions and help celebrate the festive season in style.

GOSSET GRANDE RÉSERVE, THE EXPRESSION OF THE GOSSET STYLE

This Champagne captures the essence of the Gosset style, artfully balancing the charisma and structure of Pinot Noir, the elegance and minerality of Chardonnay, and the roundness and fruitiness of Meunier. The Gosset Grande Réserve displays a radiant golden hue with fine, delicate bubbles. The first impression on the nose is one of fruit and freshness, followed by notes of lemon meringue pie and yellow fruits such as mirabelle plums. As the wine gently warms, aromas of ripe plums come to the fore, along with subtle hints of honey and toasted notes. On the palate, the Champagne shows a lovely, generous character, underpinned by the structure of the Pinot Noir. A refreshing citrus acidity and fine white floral notes, the hallmarks of Chardonnay, then come together to deliver a crisp, finely etched finish. With its elegant roundness and freshness, this Champagne is sure to appeal to a wide range of palates!
